## Company Overview

Artisan Analytix is a Women-Owned Small Business (WOSB) finance and technology consulting firm that offers innovative solutions to government agencies, private businesses, and non-profit organizations. With a strong commitment to quality and a focus on continuous improvement, Artisan Analytix leverages proven technologies and industry best practices to provide comprehensive full-scope Finance, IT and management consulting services.

Founded by leadership with over 20 years of complex enterprise architecture and financial management expertise, the company aims to be a strategic partner in designing strategies, managing technology initiatives, implementing IT projects, and managing department budgets.
